

02/10/2025 - NOTES

1. Meeting was called to order at 07:35.
2. There will be a drill on Thursday from 9am until 10pm. John (KD5YOU) will setup a winlink Peer to Peer (P2P) station on 145.05. Send your messages to KT5YOU. If unable to reach directly you can use BIGBOY to connect.
3. Cameras have been added to the van and Dave (WD8RZA), Luke (K0LTB) and Sheree (WM5N) were instructed on how to use.
4. There was more conversation on which seat to remove in the van. It was tentatively agreed to remove the center seat because of location of rear wheels.
5. EMROG has not been requested to provide communications for Just Ride for a Just Cause on March 22, 2025.
6. A reminder that next meeting is 'Bring you Go-Kit' day. This is to show members examples of what goes in and how go-kits are built.
7. Sheree and Luke took the van to Corpus Christi. This is a good exercise to showcase EMROG. There should be several state representatives show up to this event.
8. Hidrovo needs specs for antenna on Travis building. Dave stated that a Diamond X50, Dual Band UHF/VHF would be sufficient.
9. Hidrovo reminded us that the van is for EMROG to show to the community to show what Amateur Radio is used for.
10. We have available a 24X20 tent and a generator with air conditioning if required.
11. The weather net will be on 444.525 if required.
12. There was 8 people attending and 47 digital check ins by 13 people. (GREAT !!) See page 2 for details.

Send any additions, updates or corrections to me, these items are from my meeting notes.
